Our last creation

Protée
IT, app design

periArt, meets the needs of show production and orchestra management, in an integrated environment (since 2010)

4depfo, management of a training organization. Pyrenees Development Association through Training

proTools, work tool: generation of icons and buttons, musical scales, electronics development in forth....

ogTools, work component: all the know-how of Protée, all the needs met for a powerful user management tool

Information system conception tool

- 4D developper since 1992
- Expertise and solution provider since 1996
- Ascending compatibility and durability of our solutions

A framework is a coherent set of structural software components, which serves to create the foundation and model the application software architecture.
It is characterized by:

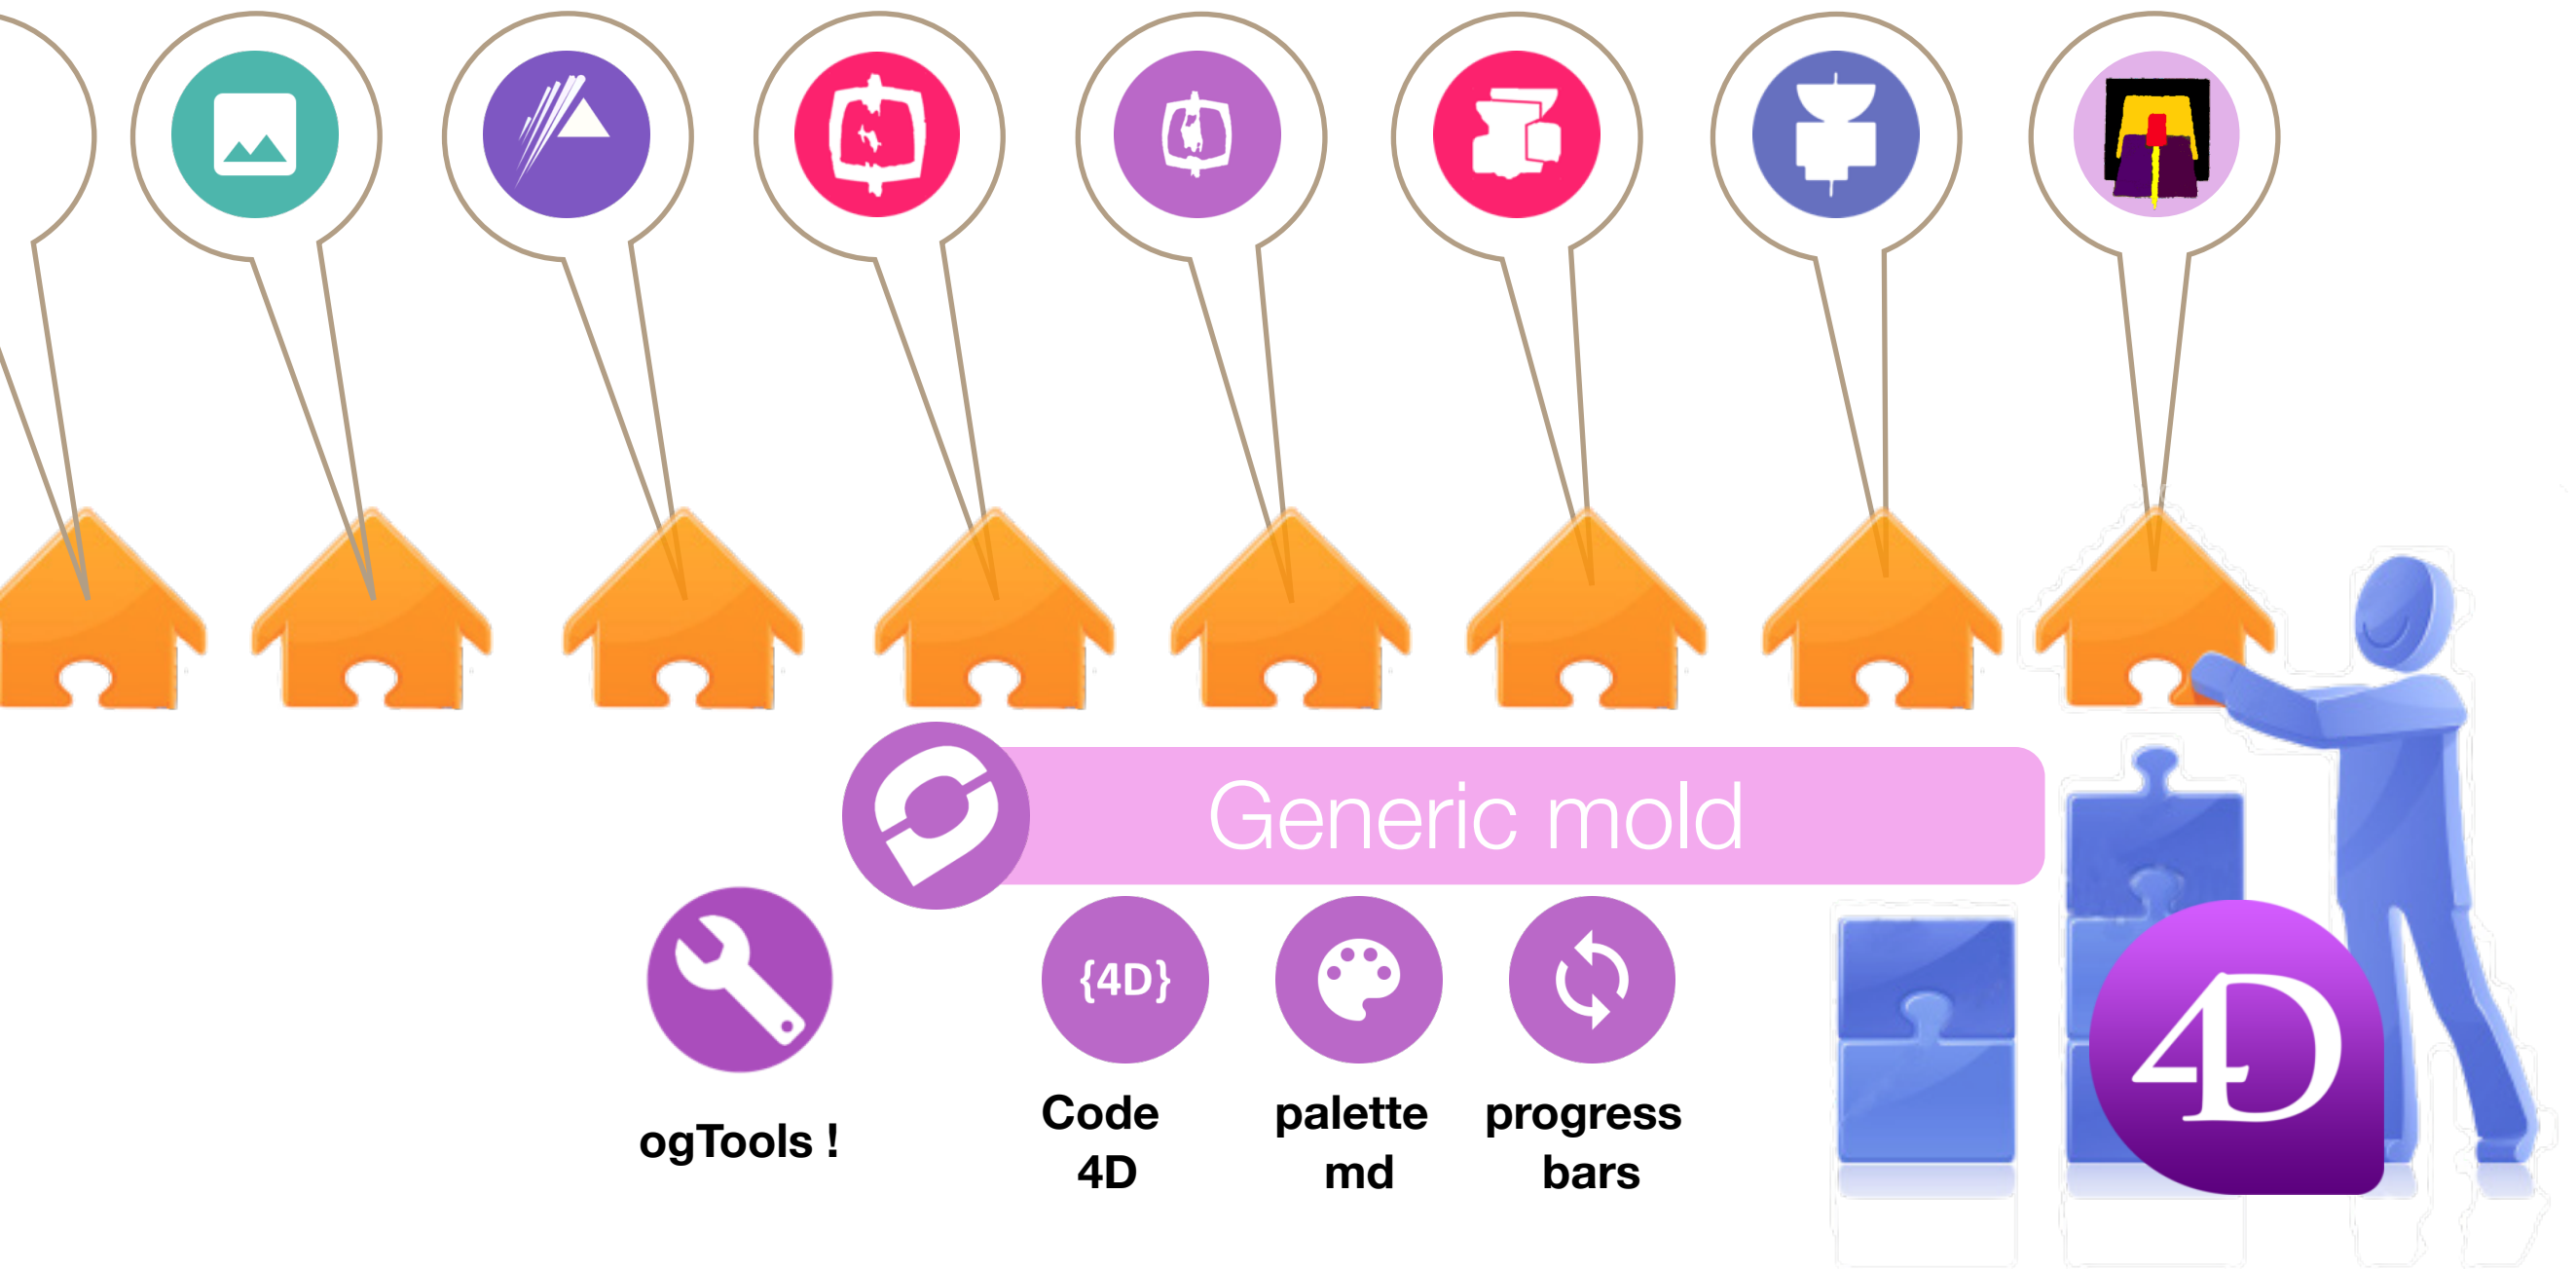

- its generic character, weakly specialized.
- the framework that it imposes, guiding the software architecture.

Advantages « Protée »

Protée
IT, app design

... proTools 4depfo periArt Orem Fyo CONCERTo Mahal

- Integrated and centralized solution

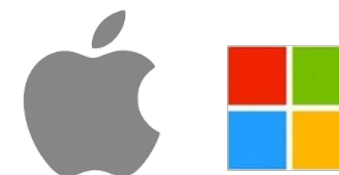

- Load Management

- Connectivity

- Multi-platforms

- Easy to deploy and administer

- Product Design

- Ergonomics

- Scalable - Common generic mold

- Fiability / customer references

Agile manifesto

Interactions with individuals

rather than... methods and tools

Software that works

rather than... exhaustive documentation

Collaboration with users

rather than... contractual negotiations

Response to changes

rather than... follow a plan

« Agile » methodology

Protée
IT, app design

Concretely

- Continuous integration: regular updates

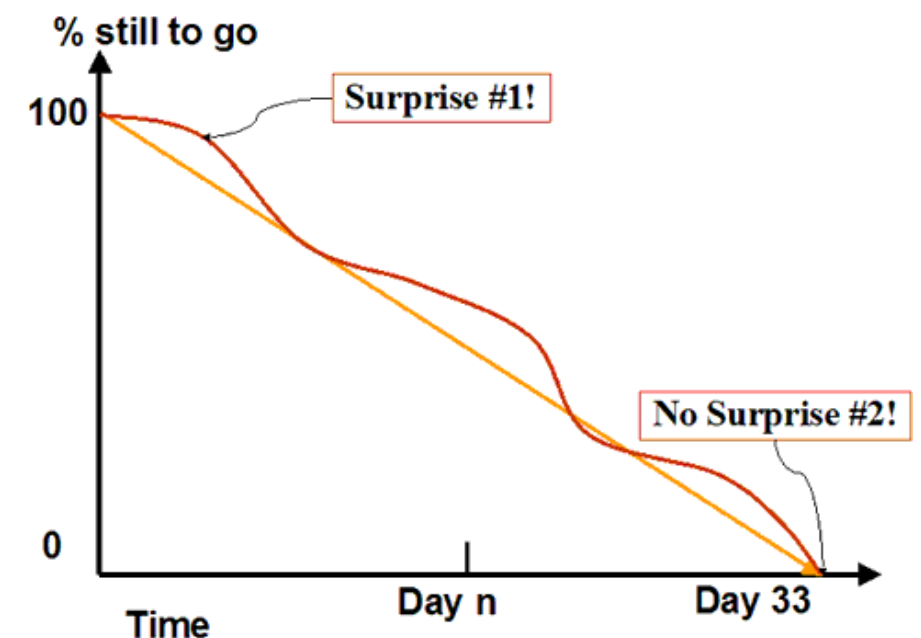

- Quality of deliverables: tested and functional

- Transparency, using indicators

Story	To Do		In Process	To Verify	Done
As a user, I... 8 points	Code the... 9	Test the... 8	Code the... DC 4	Test the... SC 6	Code the... DC 8
	Code the... 2	Code the... 8	Test the... SC 8		Test the... SC 8
	Test the... 8	Test the... 4			Test the... SC 6
As a user, I... 5 points	Code the... 8	Test the... 8	Code the... DC 8		Test the... SC 8
	Code the... 4	Code the... 6			Test the... SC 6

Assistance

- Preventive, corrective and evolutionary
- Regular updates - guaranteed upward compatibility
- Hotline - tracking tools - escalation

Formation

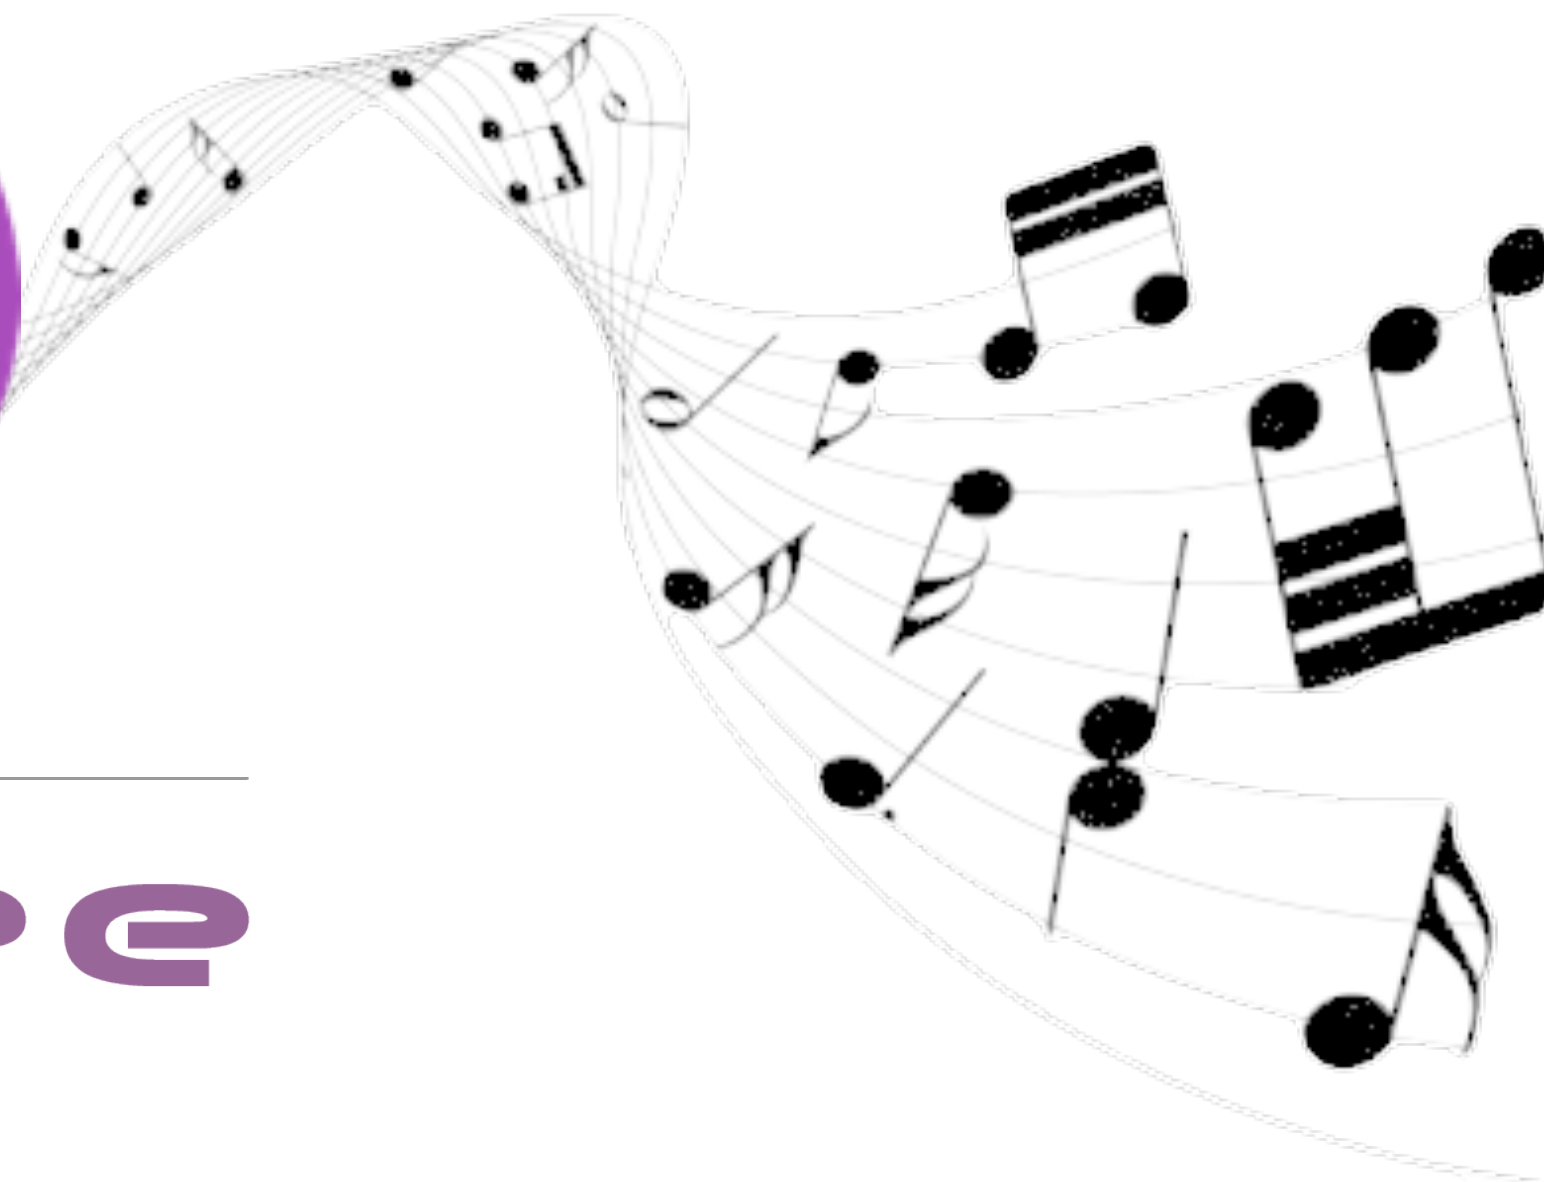

- On site or in our premises (Toulouse)
- A team with real business knowledge
- Accredited training organization

Customer references
